

Infinity Furler & Swivel

R2205 Furler & R2207 Swivel

Infinity Furler

The new R2205 Infinity Furler delivers fast and precise furling on boats up to 6m. Designed for use with endless line, this system means no more loose rope on board when the sail is furled.

R2205

R2207

Infinity Swivel

The mechanism of both the R2205 Infinity Furler and the R2207 Infinity Swivel operates smoothly and efficiently and allows for unlimited revolutions. The bearings are stainless steel, lubricated and double sealed making them entirely maintenance free.

| Product Code | Overall length mm | Line Diameter mm | Max Load kg | Break Load kg | Weight g |
|--------------|-------------------|------------------|-------------|---------------|----------|
| R2205 | 100 | 6 | 325 | 800 | 150 |
| R2207 | 100 | n/a | 325 | 800 | 75 |
